CORTEX PLASTIC CO LTD

CORTEX BASKET

CORTEX PLASTIC

Cortex Plastic Co. Ltd was founded in 2003 in Caotun, Nantou, Taiwan. Cortex Plastic Co. Ltd is a manufacturer specialized in Polypropylene (PP) woven products, mainly producing PP baskets.

Our products adopt the integrated plastic production processes. We begin with raw material production, then fabricate our molds for unique yet classic designs. Our baskets are then woven by hand before we package and ship PP plastic products and baskets. The production line is supervised personally and quality is ensured by our diverse team of department professionals.

At Cortex Plastic Co. Ltd we value innovation and are committed to the improvement of our product development and production technology. Our commitment to research for product improvement and production technology has made us an excellent professional manufacturer in Taiwan.

The target of CORTEX PLASTIC is to provide the consumer market with high quality PP baskets.

Our focus is to continue researching product innovations to provide modern quality for a classic product. We strive to refine the capability of design and development for our customers and company growth. Our commitment to research and innovation has led CORTEX PLASTIC to maintain an international standing in the international household product exhibitions. Our company seeks to cooperate internationally with various distribution companies for mutual developments and business opportunities.

CORTEX FIBER

Cortex Plastic is the first factory to manufacture synthetic plastic rattan with Polypropylene (PP) and food grade pigments in Taiwan.

Our choice of materials makes Cortex fiber an environmentally friendly, non toxic and recyclable alternative. Cortex fiber is offered in various sizes and is made only with natural grains, giving it a natural and smooth feeling while keeping it scratch free and water resistant.

It can withstand temperatures from -20 °C to 120 °C, is flexible but still strong, easy to wash and mildew free.

CORTEX FIBER passes food safety inspections and regulations in several different nations. Our product is safe to come into direct contact with food and is practical for food safe environments. Our baskets have many different shapes and sizes that are all woven with plastic rattan to create a natural looking, water resistant basket.

The PP baskets is suitable for household and business purposes.

Business: bread display basket in bakery, cutlery basket for restaurant, laundry basket and storage basket for hotels.

Retail market: storage basket, laundry basket, and trash can. It is exceptionally good for use in the bathroom, or any high moisture and moldy places due to its water resistant and anti-mold properties.

Through our companies research and development, the Polypropylene (PP) basket has natural properties of the synthetic rattan and bamboo.

It is water resistant, easy to clean and environmentally friendly. It is an appealing yet durable material which has made Cortex fiber an innovative and competitive product.
